Toilet Measurements:

Please measure your toilet carefully according to the diagram below and indicate measurements in millimetres in the table:

Please note: Measurements should be taken without the current toilet seat on for accuracy of measurements.

Measurements (mm):

A	From cistern to front of toilet bowl:	
A.1	From change in pan level to front of toilet bowl:	
B	Space between bolt holes:	
C	Internal depth of toilet bowl:	
D	From middle of bolt holes to front of toilet bowl:	
F	Outside width of toilet bowl:	

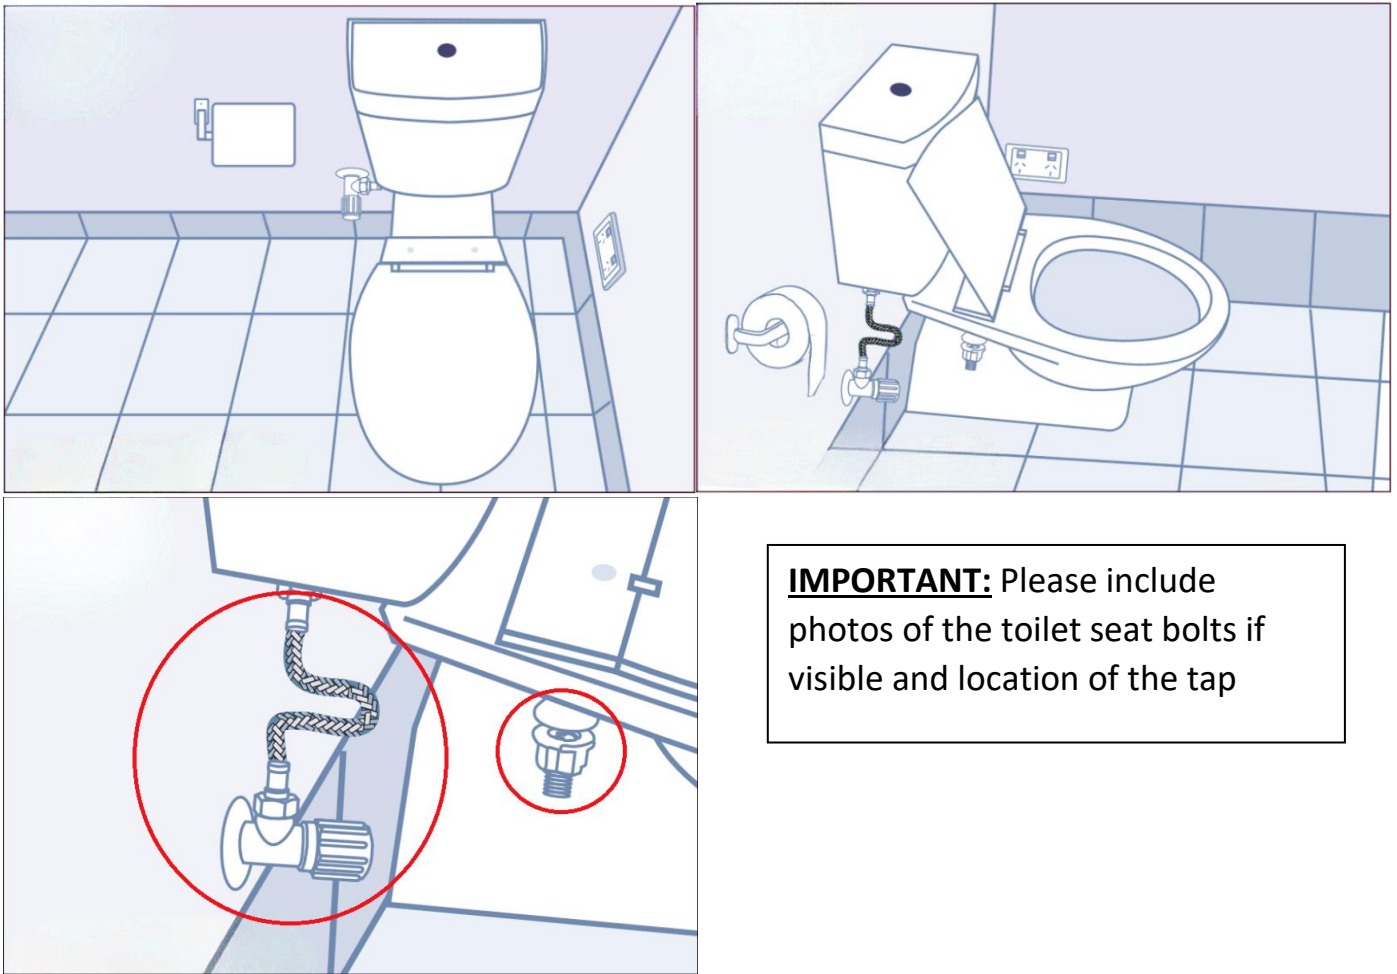

Photographs:

Please take photographs of the toilet the bidet must be installed on, and submit them with this form, and any other relevant paperwork.

Please include photographs of:

- The toilet from all angles
- The attachment of the toilet to the wall
- The tap
- The closest power point to the toilet showing its proximity to the toilet pan/cistern
- The walls that a powerpoint might be installed on
- The inside of the meter box (showing RCD)
- Any additional photographs that may be important to the installation of a bidet.

Example of Photos that are required:

Please Note:

- ❖ The quotation provided for installation of the bidet is based on the information provided. There may be unforeseen issues that are only evident when installers are onsite. In these circumstances we will communicate any variation prior to proceeding.

- ❖ If toilet is located on an internal wall and requires a power point, please note that there will be visible conduit chased down the wall to the power point.
