

Hello from The Mobility Store!

June has certainly crept up on us! The month of May was packed, especially with ATSA expos in WA and Victoria. A huge thank you to everyone who stopped by our stalls – it was amazing to catch up with familiar faces and meet so many new ones. Both events were a big success thanks to you!

What's New at The Mobility Store?

Bidets & Shower Commodes – A Hot Topic!

We had a lot of questions at ATSA about bidets and which shower commodes are compatible with them. Turns out, it's a bit more complex than we expected! We're currently looking at a new shower commode to see if it does the trick – stay tuned, and we'll share our findings soon.

In the meantime, remember we have working bidets on display at both Balcatta and Blackburn locations if you want a hands-on look.

Symplbrush

Check out this innovative toothbrush alternative: [Symplbrush](#). Designed for ease and accessibility, it could be a game changer for many clients.

We'll have demo models in Balcatta and Blackburn showrooms in the coming days – pop in and have a look.

FYI, the Aussie distributor is an Occupational Therapist, so it's got that expert seal of approval!

Raizer II

Another standout from ATSA is the [Raizer II](#) – It is the battery-operated mobile lifting chair that helps a fallen person up to an almost standing position in a few minutes.

The aid can be operated by only a single assistant, and it requires only limited physical effort from the operator aside from a helping hand. It is easily carried in two bags.

It's currently available for demo in Balcatta only, so if you're an OT and want a closer look, drop by!

We'd love your feedback.

Gilia Kettle – KCare

Introducing the [Gilia Kettle](#) – a safer, easier way to boil water! Designed with accessibility in mind, it supports those with:

- Low vision
- Hearing difficulties
- Arthritis
- Hand weakness
- Stroke or neuro-related conditions
- A must-see for clients who value independence and safety in the kitchen.

Scooter Stopper

Don't forget – we've expanded our scooter range! And we now stock the [Scooter Stopper](#), a fantastic tool to help with safe and simple assessments.

STOCKTAKE NOTICE – Friday 27 June 2025

Heads-up! We're doing a stocktake:

- Melbourne store will be **CLOSED** for the day
- Balcatta store will be open but with limited staff
- No deliveries or trials

Plan ahead if you need anything around that date!

Did You Know?

The average person walks the equivalent of 4 times around the Earth in their lifetime – that's about 150,000 kilometres! 🌍👣

Thank you for your continued support.

We always love hearing from you, especially our Allied Health community – so keep the feedback coming and don't be shy about popping in for a chat or product demo. If you have any questions or would like to learn more about these products, feel free to visit our store or contact our team—we're happy to help!

Until next time,
The Mobility Store

Pop in for a visit at one of our 2 locations –

Unit 1, 75 Erindale Rd, Balcatta, WA

Shop 2, 214-218 Whitehorse Rd, Blackburn, VIC
